Summary of Changes from the Previous Fiscal Year

(Unit : billion yen)

Textile [Inc / (Dec) : ¥ (7.5) bil.]

Decreased due to the decline in sales in overall transactions, especially from sales in apparel-related companies resulting from COVID-19 and the impairment loss on Sankei, partially offset by expense reduction and the absence of the extraordinary losses in the previous fiscal year.

Machinery [Inc / (Dec) : ¥ (33.9) bil.]

Decreased due to lower sales volume in overseas automobile-related companies, automobile-related transactions and aircraft-related transactions, as well as lower equity in earnings of associates and joint ventures resulting from COVID-19, and the impairment loss on foreign companies, partially offset by expense reduction and sales recovery of YANASE.

Metals & Minerals [Inc / (Dec) : ¥ (7.3) bil.]

Decreased due to lower coal prices, the decline in dividends received from a Brazilian iron ore company, lower equity in earnings of Marubeni-Itochu Steel, the impairment loss in the Australian coal-related business, and the absence of the extraordinary gains in the previous fiscal year, partially offset by higher iron ore prices.

Energy & Chemicals [Inc / (Dec) : ¥ (25.7) bil.]

Decreased due to the deterioration in profitability in oil-exploration-related companies resulting from lower oil prices, the decline in dividends received, the loss from long-term energy contract, and the absence of the extraordinary gains in C.I. TAKIRON in the previous fiscal year, partially offset by a stable performance in chemical-related companies, higher transaction volume in hygiene products and electricity transactions, and expense reduction.

Food [Inc / (Dec) : ¥ (24.9) bil.]

Decreased due to lower transaction volume in business for CVS and food service in NIPPON ACCESS and in provisions-related companies resulting from COVID-19, the impairment loss in a foreign company, and the absence of the extraordinary gain in the previous fiscal year, partially offset by a stable performance in meat-products-related companies and expense reduction.

General Products & Realty [Inc / (Dec) : ¥ (33.8) bil.]

Decreased due to lower sales volume resulting from COVID-19 and the impairment loss in ETEL (European tire-related company), lower pulp prices, temporary expense from the construction of manufacturing lines in IFL (European pulp-related company), and the absence of the extraordinary gains in the previous fiscal year, partially offset by a stable performance in North American construction materials business.

ICT & Financial Business [Inc / (Dec) : ¥ (4.3) bil.]

Decreased due to the impairment loss on Orient Corporation and the absence of the extraordinary gain in the previous fiscal year, partially offset by a stable performance in ICT sector and the gain on the partial sale of eGuarantee.

The 8th [Inc / (Dec) : ¥ (4.8) bil.]

Decreased due to lower daily sales resulting from COVID-19 and the impairment losses on fixed assets, partially offset by the improvement in tax expenses related to FamilyMart, expense reduction, and the absence of the cost for the early retirement plan in the previous fiscal year in FamilyMart.

Others, Adjustments & Eliminations [Inc / (Dec) : ¥ + 42.2 bil.]

Increased due to higher equity in earnings of CITIC Limited as well as the higher equity in earnings of C.P. Pokphand resulting from higher pork prices and the gain on the group reorganization.

Cash Flows

(Unit : billion yen)

■ Operating Cash Flows and Free Cash Flows:

“Cash flows from operating activities” was a **net cash-inflow of ¥895.9 bil.**, due to a stable performance in operating revenues in The 8th, Metals & Minerals, ICT & Financial Business, and Energy & Chemicals Companies.

“Free cash flows” resulted in a **net cash-inflow of ¥688.6 bil.**, due to the additional investment in shares in Tokyo Century by Machinery Company and in FUJI OIL HOLDINGS by Food Company, the investments by The 8th Company, and the purchase of fixed assets by The 8th, Food, Energy & Chemicals, and Metals & Minerals Companies.

■ Core Free Cash Flows:

“Core operating cash flows” after deducting changes in working capital and excluding the effect of lease accounting from “Cash flows from operating activities” was a **net cash-inflow of ¥574.0 bil.**

“Core free cash flows” resulted in a **net cash-outflow of ¥181.0 bil.**, due to the additional investment in shares in FamilyMart.

Financial Position

(Unit : billion yen)

■ Total Assets:

Increased by ¥258.8 bil., compared to March 31, 2020 to **¥11,178.4 bil.**, due to the increase resulting from the effect accompanying the depreciation of the yen at the end of the fiscal year, and the increase in investments accounted for by the equity method, partially offset by the decrease in property, plant and equipment.

■ Net Interest-bearing Debt:

Increased by ¥344.5 bil., compared to March 31, 2020 to **¥2,601.4 bil.**, due to the additional investment in shares in FamilyMart and dividend payments, partially offset by a stable performance in operating revenues.

■ Total Shareholders' Equity:

Increased by ¥320.3 bil., compared to March 31, 2020 to **¥3,316.3 bil.**, due to net profit attributable to ITOCHU during this fiscal year and the effect accompanying the depreciation of the yen at the end of the fiscal year, partially offset by the decrease of capital surplus due to the additional investment in shares in FamilyMart and dividend payments.

■ Ratio of Shareholders' Equity to Total Assets and NET DER:

Ratio of shareholders' equity to total assets increased by 2.2 points compared to March 31, 2020 to **29.7%**.

Quantitative
targets

Aiming to achieve consolidated net profit of ¥600.0 billion as outlined in the medium-term management plan

Qualitative
targets

Realizing business transformation by shifting to a market-oriented perspective

Profit opportunities are shifting downstream

Profit sources are shifting from upstream to downstream. Breaking down the negative effects caused by silos is an urgent task. We will advance business model evolution and growth opportunity creation.

Enhancing our contribution to and engagement with the SDGs through business activities

***Sampo-yoshi** capitalism**

To realize a sustainable society, we embrace an approach to capitalism with greater emphasis on serving all stakeholders. Through our business activities, we will contribute to the achievement of SDGs in such ways as maintaining the foundations of everyday life and protecting the environment.

* *"Sampo-yoshi"* is our corporate mission and the management philosophy of the merchants of Ohmi (where ITOCHU was founded). This meaningful phrase emphasizes the importance of activities that are "good for the seller, good for the buyer, and good for society." *Sampo-yoshi* can be said to be the roots of today's idea of sustainability.

Growth Strategy (1) Main Measures

Basic Policy: Realizing business transformation by shifting to a market-oriented perspective

Business growth through value chain reform from downstream to upstream, ascertaining the diversifying actual and potential needs of sellers and buyers

Evolution of FamilyMart's business, the largest consumer base in the ITOCHU Group

- **Thoroughly improving the three basics of convenience stores (CVS): product appeal, convenience, and familiarity**
- **Expanding customer contact points and business earnings through advertising and financial services and the evolution of stores into media**
- **Expanding the earnings base by upgrading the entire supply chain, including order optimization using AI**
- **Building new overseas business models in growth markets through strategic alliances with digital partners, etc.**

Transform the entire value chain, starting from downstream

- **Combining planning and development capabilities and independent sales channels in the consumer sector, where we have overwhelming strength**
Strengthening product planning capabilities and brands for food, apparel, and other products in line with customer needs and expanding consumer contact points through the use of e-commerce
- **Further business growth by expanding and utilizing customer contact points in the retail finance and insurance business, where we are No. 1 among general trading companies**
Pursuing a customer-oriented business model through the evolution of online and in-person customer service at HOKEN NO MADOGUCHI

Expansion of profit opportunities through data utilization and DX

- **Leveraging Group data under the leadership of The 8th Company, which is at the forefront of using a market-oriented perspective**
Development of new products and services and enhancement of digital marketing by centralizing data held by Group companies on consumption behavior
- **Expanding the ICT business through organic cooperation with Group companies in line with corporate DX needs**
Promotion of comprehensive DX support business in cooperation with ITOCHU Techno-Solutions, BELLSYSTEM24, and other Group companies and partners

Growth Strategy (2) Main Measures

Basic Policy: Enhancing our contribution to and engagement with the SDGs through business activities

Leading the industry in realizing a decarbonized society

- ✓ Complying with the Japanese government's target and aiming to offset CO₂ to zero* by 2040, 10 years early.
*Achieved by offsetting remaining emissions through the expansion of businesses that contribute to emissions reduction
- ✓ Disclosing GHG emissions from fossil fuel businesses and interests, an industry first.

Business expansion in accordance with a decarbonized society

- **Complete divestment from thermal coal through the sale of interests in Drummond and other assets**
- **Building a next-generation fuel value chain using hydrogen and ammonia**
Creating new business opportunities utilizing existing business foundations, such as the development of hydrogen stations
- **Development of a distributed power supply platform using AI-equipped energy storage systems (ESSs), of which we boast the top sales volume in Japan**
Establishment of new economic zones by optimizing the balance of electricity supply and demand in households and communities and by realizing environmental value trading

Leading development in the recycling business

- **Leading the plastic recycling business by leveraging our customer base of more than 10,000 companies**
Providing solutions based on new technologies in response to consumer and social needs, simultaneously addressing environmental and business considerations
- **Business expansion and business transformation of water and waste treatment businesses with competitive advantages**
Utilizing our knowledge in Europe to expand our business to the Middle East and Asia and to highly profitable waste recycling, etc.

Sustained growth through strengthening the value chain

- **Increasing added value throughout product distribution with the industry's first natural rubber traceability system**
Standardization of natural rubber to eliminate illegal logging and other issues, and deploying it throughout Group operations spanning rubber processing to tire retail
- **Improving productivity and reducing food loss by optimizing FamilyMart supply chains and enhancing logistics efficiency**

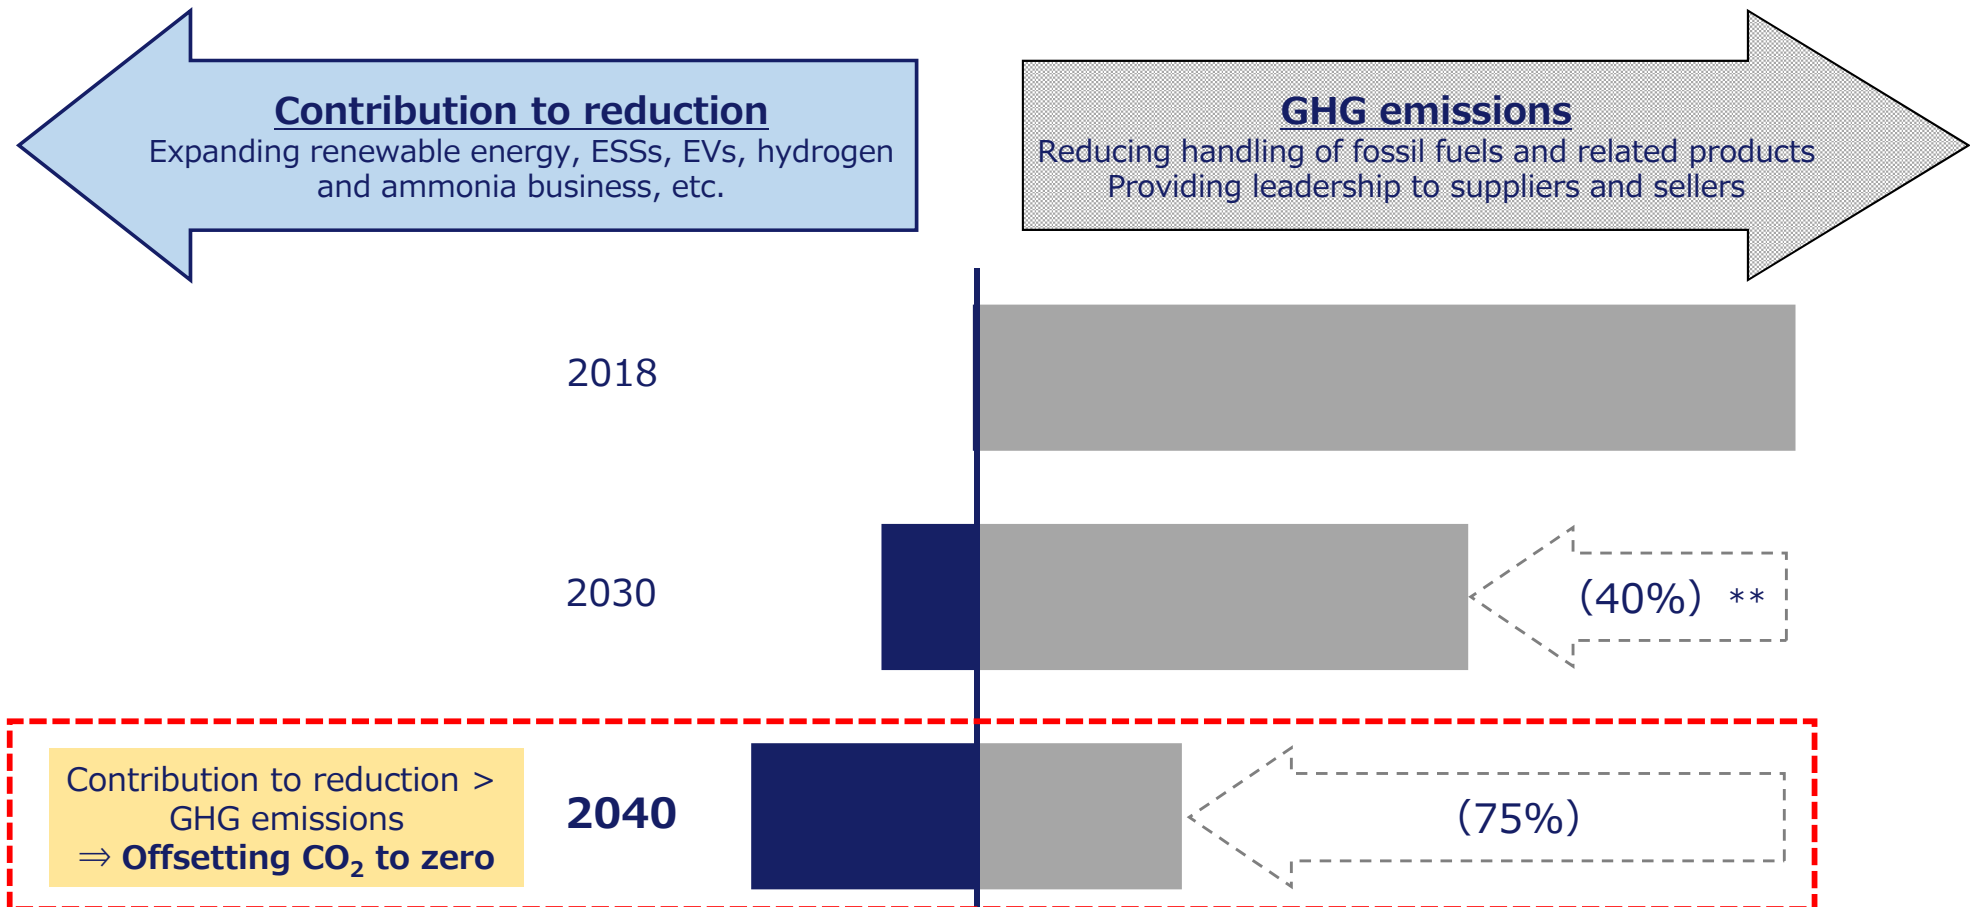

GHG Emissions Reduction and Offset Targets

*Greenhouse Gas

- ✓ Achieving **net zero GHG* emissions by 2050** to comply with the Japanese government's target. In addition, aiming to **offset CO₂ to zero by 2040** by actively promoting businesses that contribute to the reduction of GHG emissions.
- ✓ Complying with the Japanese government's interim target by achieving a 40% reduction from 2018 levels by 2030.

**The Japanese government's target of a "46% reduction" from the 2013 level by 2030 is a "39% reduction" based on the year 2018.

Scope: Scopes 1/2/3 + Fossil fuel businesses and interests (affiliates and general investments)

Efforts to Reduce GHG Emissions from Fossil Fuel Businesses and Interests

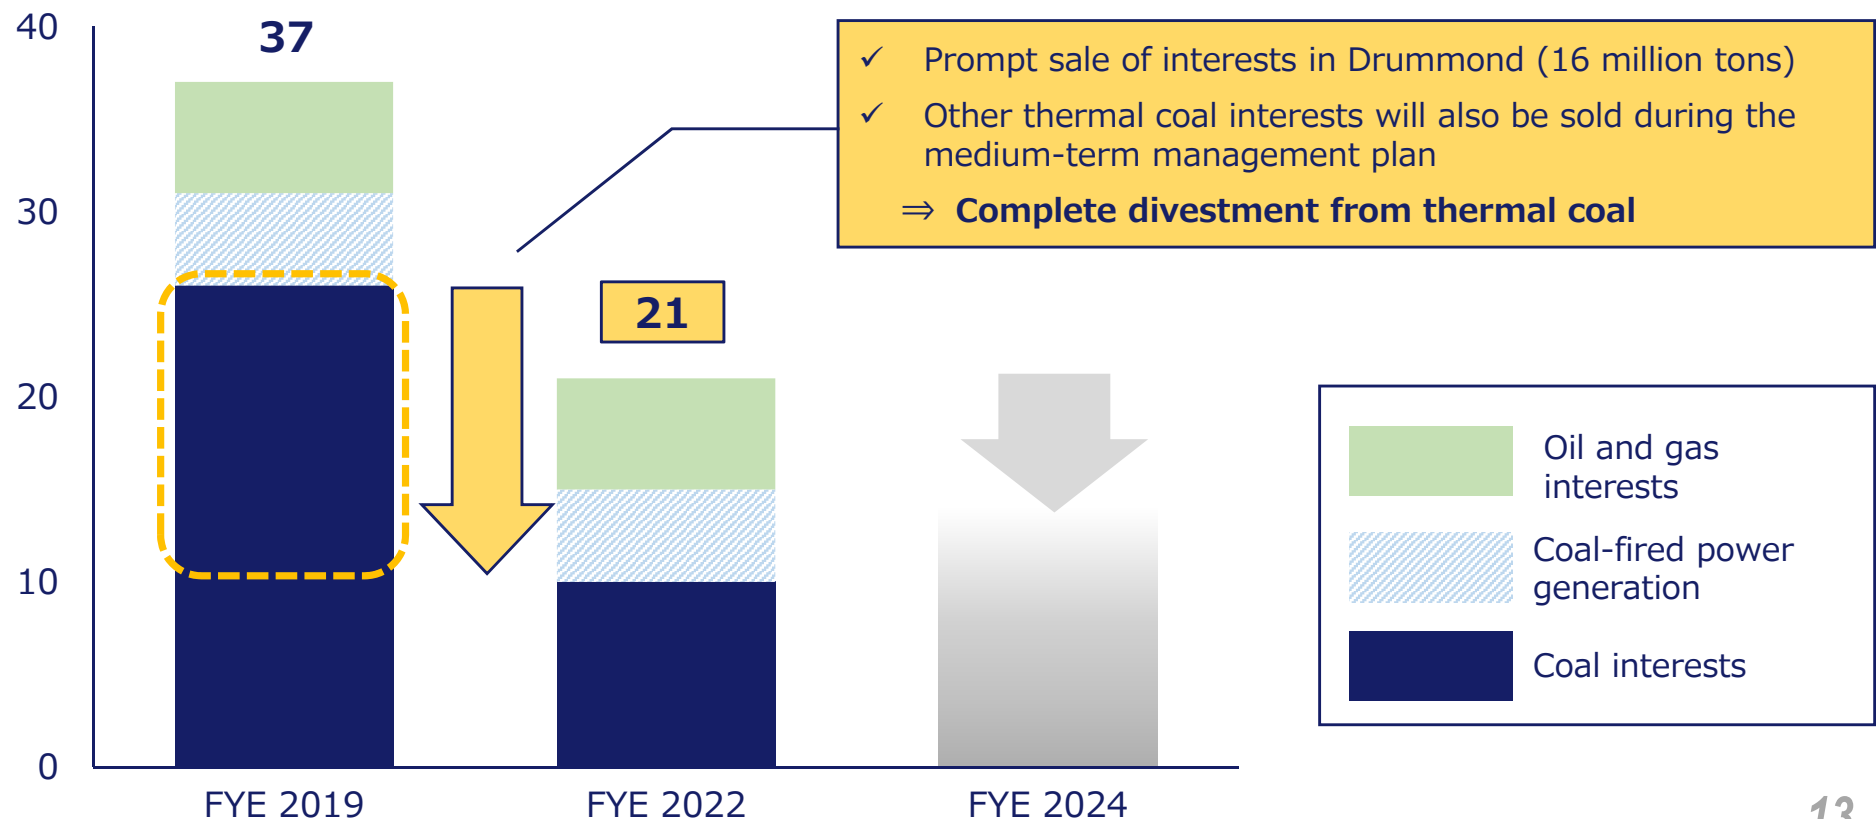

- ✓ GHG emissions from all Group fossil fuel businesses and interests* totaled 37 million tons.
- ✓ Through the sale of Drummond interests, we were able to reduce GHG emissions to 21 million tons, taking the initiative in implementing concrete measures toward the shared societal goal of decarbonization.
- ✓ We will actively promote efforts to reduce environmental impact while fulfilling our responsibility to ensure a stable supply of resources and energy.

*Fossil fuel businesses and interests (consolidated subsidiaries, affiliates, and general investments): (1) Coal interests (thermal and coking coal), (2) Coal-fired power generation, (3) Oil and gas interests

GHG emissions from fossil fuel businesses and interests

(million tons)

Note: GHG emissions of affiliates and general investments = GHG emissions of individual businesses × ITOCHU's investment ratio

- ✓ Strengthen our financial foundation to support new growth stages while maintaining **consistency in our financial strategies.**

Financial Policy

- ✓ B/S control appropriate for A ratings

Continue to balance three factors:
Growth investments, shareholder returns, and control of interest-bearing debt
—Cash allocation based on the consistent maintenance of positive core free cash flows after deducting shareholder returns

Sustained Enhancement of Corporate Value

- ✓ Maintaining high efficiency (high ROE)
- ✓ Sustained EPS growth
