

FY2020 Organizational Changes

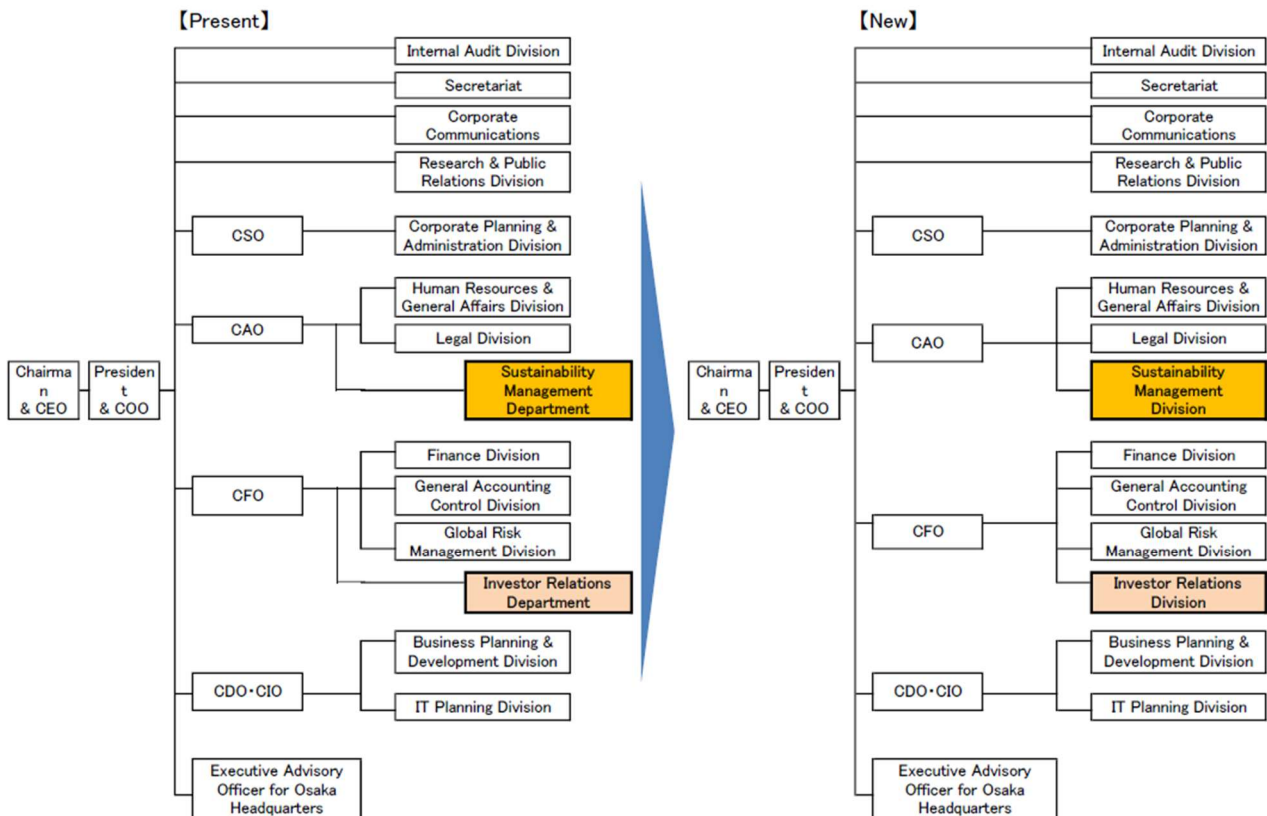

ITOCHU Corporation (headquartered in Minato-ku, Tokyo; Yoshihisa Suzuki, President & COO; hereinafter “ITOCHU”) has announced organizational changes that will take effect on January 1st, 2021.

Administrative Organization

Sustainability Management Division

The importance of promoting sustainability, including contributing to the achievement of the Sustainable Development Goals (SDGs), is continuing to grow, and increasingly, companies are being required to fulfill social and environmental responsibilities through their business activities.

By reorganizing the dedicated sustainability organization from the “Department” to “Division,” ITOCHU clarifies its ESG-focused stance. Under the founding spirit of “*Sampo-yoshi*” corporate mission, ITOCHU will achieve both a sustainable increase in corporate value and resolving social issues, by steadily promoting material sustainability issues (materiality).

* The reorganization of the **Investor Relations Division** was announced on November 2, 2020.

End.
