### **ITOCHU Corporation's Perspectives on CSR**

We at ITOCHU Corporation believe that corporate social responsibility (CSR) lies in corporate thought and action on the question of how to play a role in building sustainable societies through business activities. This report presents the role we must discharge and our initiatives for it.

### HIGHLIGHT

The following two initiatives, which ITOCHU is placing special focus on, are presented in this report as highlighted features.

### Pre Organic Cotton Program

Striving to resolve the problems of cotton farmers in India through the supply chain, ITOCHU Corporation has been operating the Pre Organic Cotton Program since 2008. This section provides information about the amount of cotton handled through this program, which is growing each year, as well as the conditions of the farmers participating in the program.

### Occumentary Report Project on Supply Chains

This year's report, the fifth in the series, covers lithium-ion batteries (LiBs), which will play a major role in the realization of a clean, renewable energy society.

Vol. 5: Producing Lithium-Ion Batteries

### **Disclosure of CSR-related Information**
