Specific Example of Realizing Business Transformation by Shifting to a Market-Oriented Perspective

Grapeseed oil produced by Provence Huiles which

France-Based Provence Huiles Made a Wholly Owned Subsidiary ITOCHU made Provence Huiles S.A.S. (PH), which conducts vegetable oil

manufacturing and sales mainly in Europe, a wholly owned subsidiary.

PH handles highly functional vegetable oils, such as grapeseed oil and high oleic sunflower oil, and also focuses on sustainable products, such as organic oils that require strict management. PH is one of the largest grapeseed oil producers in the world by volume.

Since its capital participation in September 2015, ITOCHU combined its marketing capabilities in North America and Asia with PH and has actively worked to strengthen the value chain for functional vegetable oils. Now that PH has been made a wholly owned subsidiary, we will continue building a product supply system to more adeptly meet diversifying consumer needs and growing health consciousness
